

**Application No.: 10/508,747**  
**Filing Date: March 4, 2005**

## **REMARKS**

In the Office Action mailed September 27, 2007, the Examiner noted some informalities with certain claims and further rejected the pending claims under 35 U.S.C. Section 103 as being obvious in light of certain cited references. The Examiner did, however, indicate that the subject matter of Claim 8 is allowable over the art of record. By this paper, the Applicant is amending Claim 1 to incorporate the subject matter of Claim 8 as well as portions of the subject matter of intervening Claim 6. The Applicant has further corrected the informalities noted by the Examiner. The Applicant believes the above-captioned application is in condition for allowance and requests the prompt allowance of the same. Should there be any impediment to the prompt allowance of this application that could be resolved by a telephone conference, the Examiner is respectfully requested to call the undersigned at the number shown below.

### No Disclaimers or Disavowals

Although the present communication may include alterations to the application or claims, or characterizations of claim scope or referenced art, the Applicants are not conceding in this application that previously pending claims are not patentable over the cited references. Rather, any alterations or characterizations are being made to facilitate expeditious prosecution of this application. The Applicants reserve the right to pursue at a later date any previously pending or other broader or narrower claims that capture any subject matter supported by the present disclosure, including subject matter found to be specifically disclaimed herein or by any prior prosecution. Accordingly, reviewers of this or any parent, child or related prosecution history shall not reasonably infer that the Applicants have made any disclaimers or disavowals of any subject matter supported by the present application.
